Equity's Group made our dream to become homeowners come true! Two years ago, we answered an add in the paper for a lease-purchase home. We met with Samantha and thought it really was "too good to be true."

Every two weeks, we'd pay our rent & wonder - "Are we really going to own our home?" Sure enough - Two years later - We are home owners! Our family is very happy!

Many, many, many thanks to
